EAST-WEST FORUM ON
HYDROGLOBE®
“A Worldwide framework for an
Holistic approach to Health
Government”

Preliminary Programme
(Astana – Borovoie, KAZAKHSTAN)

DUMAN HOTEL

24th - 28th September 2014

PRESENTATION

The choice of the site is not casual. **Kazakhstan** is a contiguous transcontinental Country in **CENTRAL ASIA**, with its smaller part west of the Ural River in **EUROPE**. Kazakhstan is the world's largest landlocked Country by land area and the ninth largest Country in the world.

The terrain of Kazakhstan includes flatlands, steppe, taiga, rock, canyons, hills, deltas, snow-capped mountains, mineral springs and deserts.

The use of mineral waters and climatic resources is part of its cultural heritage and need to improve by modern methods of researches, technical equipment in a new vision of the health government.

The "old west" can help the "new east" in this process. For that FEMTEC has promoted the project HYDROGLOBE with the goal to have a worldwide framework on hydrotherapy.

The EASTWEST FORUM that will take place in **ASTANA**, the modern Capital of Kazakhstan, and **BOROVOIE Springs**, beautiful place 200 km far from the Capital, will be an important step in this process and **real cultural bridge**.

The Scientific Sessions of the Congress will be at the Republican Rehabilitation Children's Center, Institution of the excellence in this sector.

Pr. Umberto Solimene
FEMTEC Secretary General

Pr. Nikolai Storozhenko
